

2ND ANNUAL - 2013

ELAINE'S WALK

FRIDAY, SEPTEMBER 13TH - 11AM -3PM

Elaine was a tall and slender young lady in her 40's who loved to tell stories, especially to her sister and her friends. She loved cats and collected stuffed toys which lined her shelves and dresser. She loved animals and had a dog named Rusty who liked to sit at her feet while she played her computer games, read or watched TV. Elaine was a very special young lady who was in a very unique situation. Elaine suffered from Muscular Dystrophy and Intellectual Disabilities. Despite her situation, she always had a smile on her face and a story to tell.

Sadly, Elaine passed away from Ovarian Cancer on the 9th of August 2012. Ovarian Cancer forms in the tissues of the ovary. Most ovarian cancers are either ovarian epithelial carcinomas (cancer that begins in the cells on the surface of the ovary) or malignant germ cell tumors (cancer that begins in egg cells). Like many women in the US, Elaine did not discover she had Ovarian Cancer until it was too late.

With Special Guest Speaker
Dineo Khabele, M.D.
Gynecological Oncologist
Vanderbilt-Ingram Cancer Center

Elaine's Walk - September 13th

Elaine was cared for by MillarRich, a family based provider that places adults with Intellectual Disabilities into family homes. Elaine was a big part of the MillarRich family and is sorely missed.

To honor her memory, and to help raise awareness within the Intellectual Disability population about this silent killer, we are putting on our second annual Elaine's Walk.

Please join us on Friday, September 13th from 11am -3pm for walking, fun, food and education to help raise awareness about Ovarian Cancer.

We will have guest speakers, DJs, food trucks and a raffle to help with the fun and education. So put the date on your calendar and remember to bring your walking shoes!

Elaine's Walk on September 13th
Centennial Park - Event's Shelter
2500 West End Avenue, Nashville, Tennessee 37203

11am - 3pm
